

Reading Club Fun!

by Annimills LLC © 2010

Hi Everyone!

This year, 2010 is the 5th anniversary of our company, **Annimills LLC**, and the **Newspaper Fun** activity page! It's **our** birthday, but **you** will be getting the gifts all year long. When you see a little balloon with the "5th" on it you will know that it's an extra present, a special deal or event for your students, kids or family.

We've been writing educational materials and stories for children and their families for 30 years, including designing and publishing puzzles in newspapers for 15 years. Our goal is a simple one - **to help families keep kids reading**. Our pages are high quality delivered at very low cost so that we can reach and encourage as many children as possible. Please consider sponsoring our page for your child's classroom, your local library or weekly newspaper!
