Fresh air!

You can find signs of springtime by looking at the animal kingdom:

- birds chirp, call, whistle, and sing looking for these
- move from one place to another
- collect twigs, grasses to build this
- pop up when there is heavy rain
- immature frogs, still without legs
- insects have _____ and fly or crawl out
- roam from place to place on the plains
- come out of this (hibernation) and look for food
